This is Malena. You have just arrived at the pool and decided to claim the chair right next to her. Malena does not seem happy about the intrusion. You know that if you do not make a move soon, she will likely pick up her things and go to another location. You notice that it is a hot day out and that some other people are at the pool, but only a handful. What do you do?

Perform a handshake induction on Malena to put her under quickly.

Ask Malena if you can buy her a drink from the concessions stand.

Ask Malena if she will go out with you.

You speak Malena's trigger word and watch as her expression goes blank. She relaxes and stands motionless in front of you.

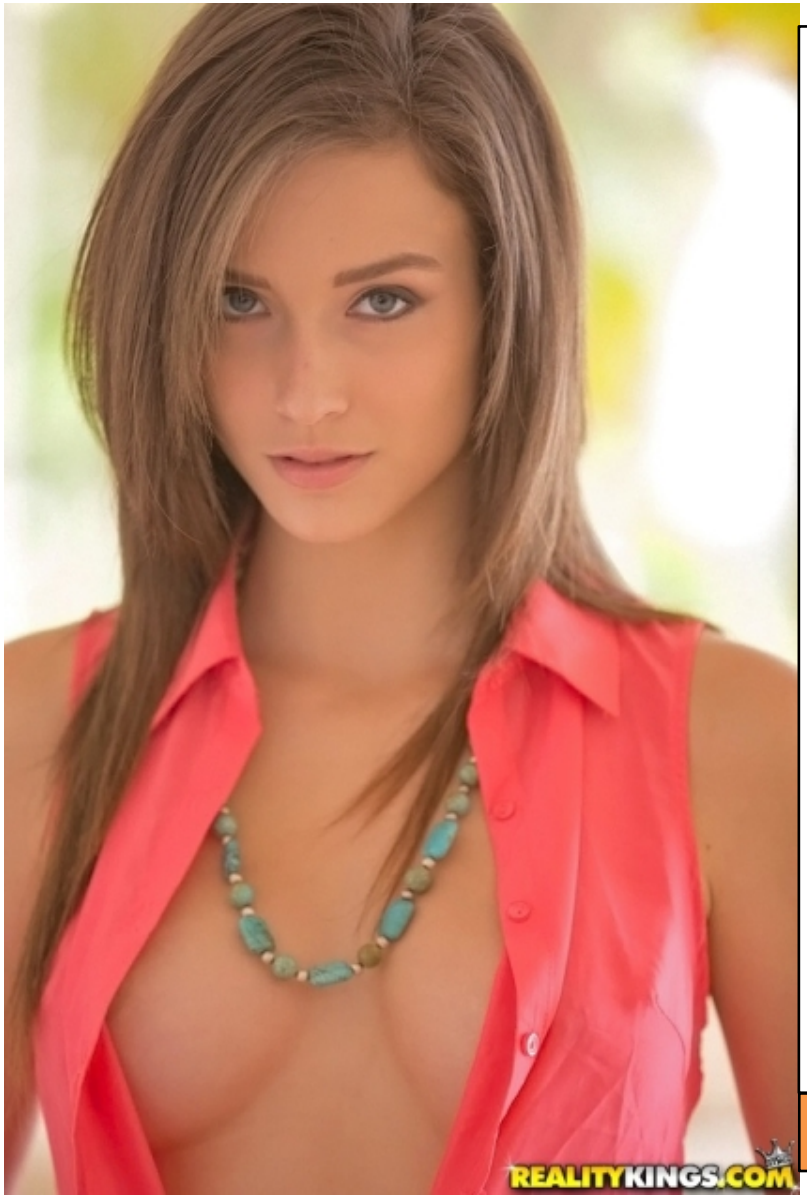
You instruct Malena to return with you to your house. Now that she has no ability to decline, you are sure the two of you will have a good time. Just to be safe you ask Malena if anyone is expecting her for the rest of the day.

"Just my friend Mia" She replies.

This answer grabs your attention. Maybe you shouldn't have Malena cancel her plans after all. What do you do?

Go after Mia (See Part 2)

Start Over



As you tell Malena that you used a rapid induction to put her under your power, you notice that she stops in her tracks.

"An induction you say?" You notice the tone of her voice has changed. It now has something more coy behind it. You watch amazed as Malena begins to unbutton her shirt. Did that actually work?

"Go ahead and stare. I know that if you went to all that trouble you must have found me attractive." You don't argue and watch as she reveals more of her chest. "You deserve to relax and enjoy your reward. Relax and let your mind focus on only my body." You do feel more relaxed and you are enjoying yourself. This is what you wanted after all. "Good. Now relax even farther for me. Letting your mind follow my voice. Relax very deeply, and SLEEP."

Wait…what?...Sleep.

You open your eyes and see Malena sitting in front of you. She has taken off all of her clothes. The view of her body makes you very aroused and happy. You feel a smile form on your face.

"Good job slave. I can see that the sight of me makes you very happy, just as I instructed."

Wait, slave? Instructed? Had Malena actually managed to hypnotize you? That was not how this was supposed to go.

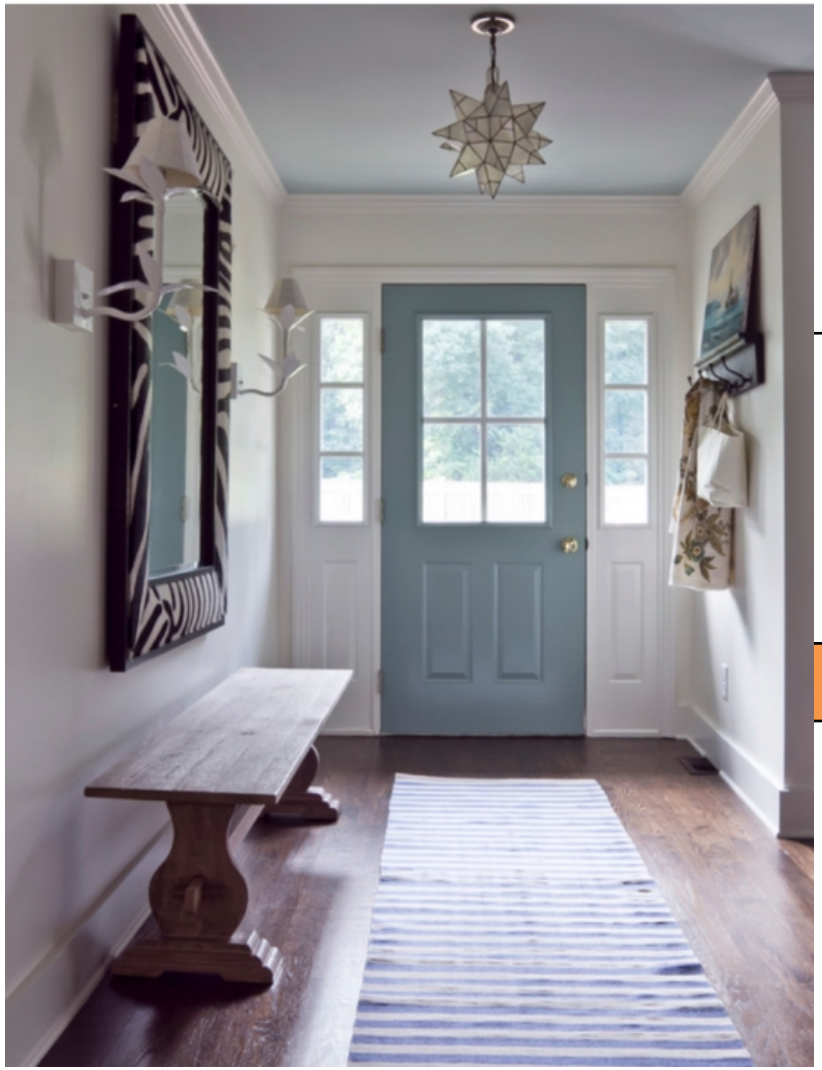
"Oh Slave. I can see you are becoming worried. Just LOOK INTO MY EYES and everything will be fine." You feel yourself drawn involuntarily into her eyes. As you stare, you feel your mind falter and then relax completely. As you feel warmth overtake you, Malena says: "Now Obey"

Obey. (Or Try Again)

Malena looks confused for a moment. With her looks, most guys would have likely asked her out directly. She seems intrigued by your attempt to put in some extra work, and agrees to a cold drink on such a hot day. You notice that there are no people by the concession stand, and Malena still seems to have her guard up around you. How do you proceed?

Ask Malena to come with you. (Performing a subliminal induction on your way)

Go get the drink yourself. (So you can slip in a hypnotic pill before giving it to Malena)



You desperately beg Malena to shake your hand one more time. She completely ignores you, clearly confused and having no idea what is going on. She slams the front door on her way out. Hopefully she doesn't tell anyone about this situation.

Try again

Fully mindless and with no ability to resist, Malena obeys your suggestion. She strips naked and lays down on the side of the pool. She begins to stretch and perform makeshift yoga moves. Even with the small number of people around, certainly someone will notice this soon.

Oh well, enjoy it while it lasts.

Malena shakes her head. “You are just like every other guy. Did it ever occur to you that all I want is a nice day at the pool?” She picks up her things and moves very far away from you. She will certainly not allow you to get near her again. Oh well, you tried I suppose.

Try again.

You ask Malena if she will come with you to pick out what drink she would like. She thinks about your offer for a moment and then agrees.

As the two of you walk you don't miss a beat. You tell Malena that it is a very hot day outside. That this day should make her WANT to have a drink. That she should WANT TO DO ANYTHING to get a drink in this heat. That even though her body is WARM and RELAXED she should FOLLOW YOU to get a drink.

You tell Malena that it is easy for her MIND to WANDER in such heat. That she should just let her mind go fully and LISTEN TO YOU. That she should be VERY HAPPY to get a drink from you. That she should THANK YOU by doing WHATEVER YOU WANT.

You notice Malena's expression has grown more submissive and open. Near the concession stand you are now away from prying eyes. What do you do?

Put her into a deep trance and train her to be obedient.

Put her into a deep trance and train her to be horny.

Malena mindlessly follows you to your car. As she is fully dressed you don't need to worry about anyone stopping you. Fortunately you live close by to the pool. The two of you drive back to your house and step inside.

Just as you enter the house Malena blinks her eyes. "What am I doing here?" She looks at you. "You're that weirdo from the pool! What did you do to me you creep?!"

Malena begins to move quickly for the door. You only have a moment to respond or she will be gone. What do you say?

Tell her to shake your hand again.

Tell her the truth.

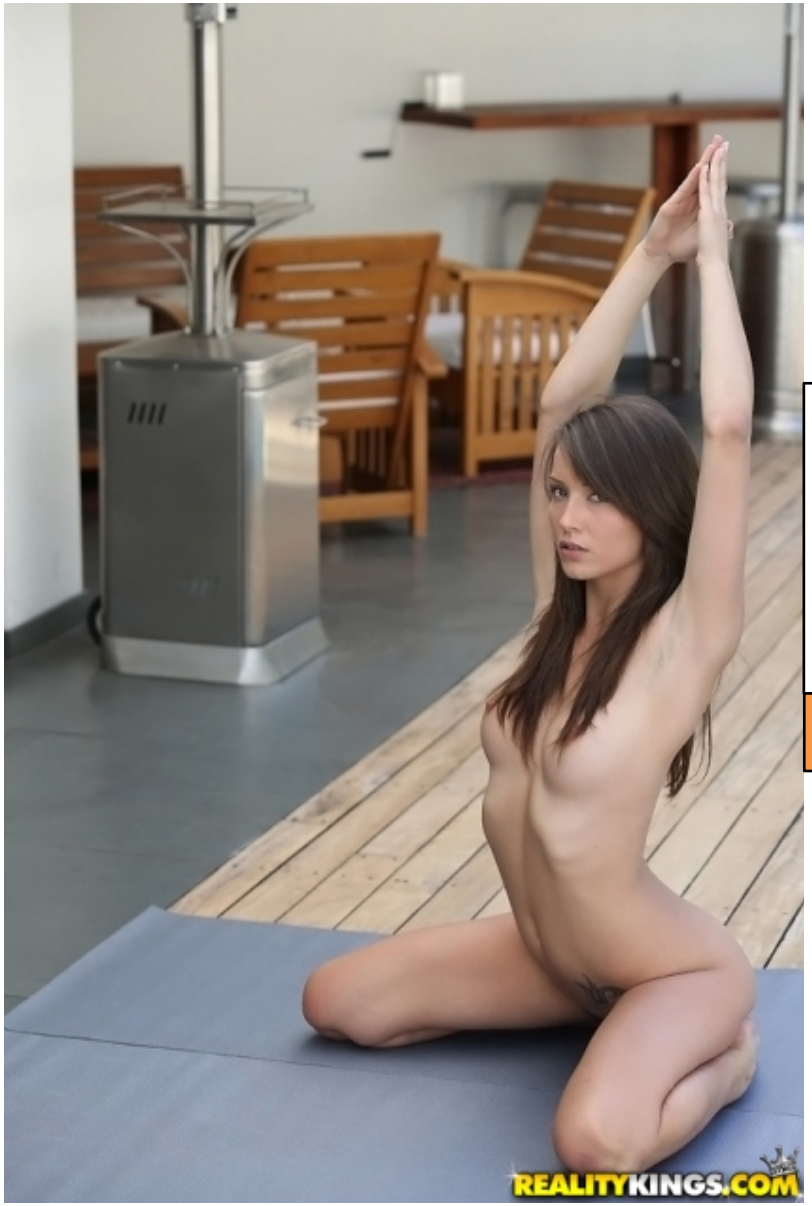
Malena opens her eyes and stands up. She angrily stares at you. “What did you do to me?” She demands. She seems visibly angered but also confused by something else she is feeling.

“I feel…I don’t…what is going on?” She seems to be unfamiliar with the feeling of obedience and that is causing her some great concern.

You decide to help her by asking her what she wants. “I want to obey Master.” Malena replies without thinking. Then her expression grows more confused “Wait…what? Why?”

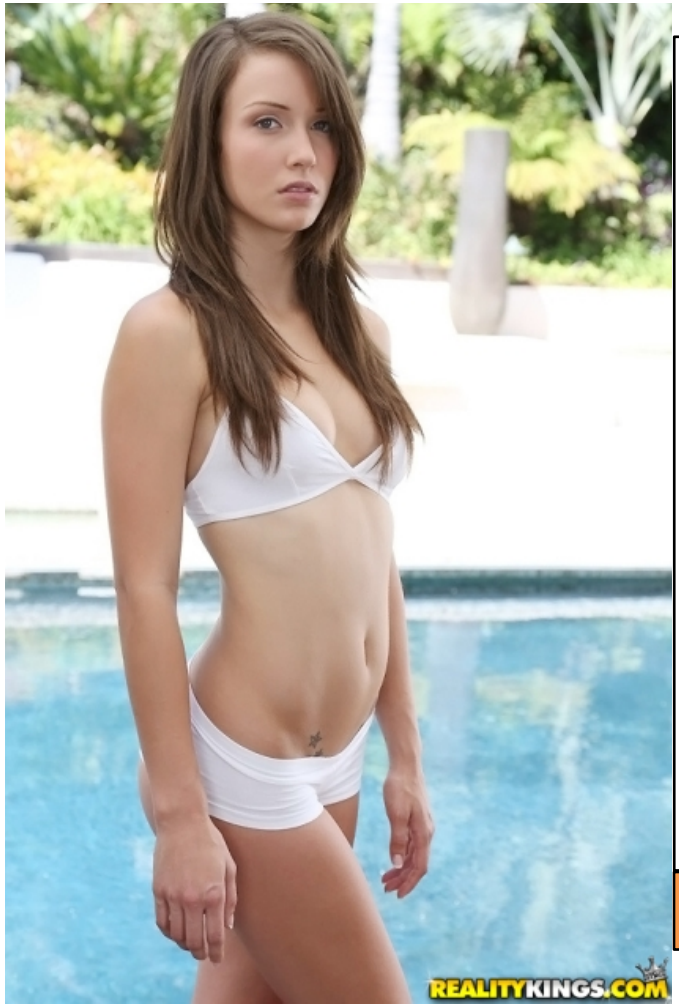
Looks like she is following the obedience suggestion perfectly. You decide it’s time for a grand finale.

Trigger her



Malena continues her display of physical agility and you enjoy every minute of it. Which is exactly one minute before a lifeguard calls the police over the strange scene that the two of you are making. Hopefully it was worth it!

It was (Try again)



You slip the pill into Malena's soda after you buy it. When you return to your chair you notice that Malena has packed up her things.

"Thanks for the drink." Malena says taking the soda from your hand. "But I can see where this is headed and I am not interested in a relationship right now. Maybe I will see you around."

Malena walks away, leaving the pool area. You feel used and cheated, which is ironic considering what you had planned to do to her. Well, at least you will get her back whenever she drinks that soda. Unfortunately you have no way of knowing when that is or where she is going.

Try again.

With a few more suggestions you put Malena into a very deep trance. No longer near any witnesses you instruct her to remove her clothes.

Then you begin to fill her, now receptive, mind with thoughts of sex. Making sure that she is extremely horny all the time. You ask Malena what she wants.

“I want sex” Malena replies passionately.

You tell her that she is a good girl and tell her to start feeling her own body. You make sure that every touch makes her even more horny. After watching Malena touch herself for several minutes she begins to moan.

She is clearly horny enough, and you know you sure are. You decide to wake her, making sure that she will feel just as aroused when she regains consciousness.

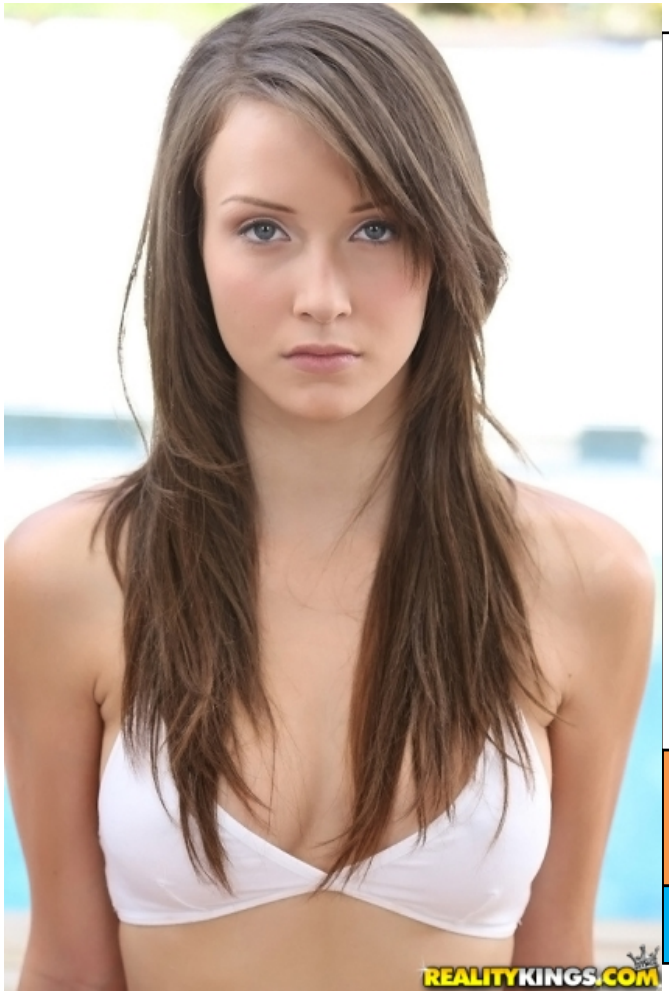
Wake her up.

With a few more suggestions you put Malena into a very deep trance. No longer near any witnesses you instruct her to remove her clothes.

Then you begin to fill her, now receptive, mind with thoughts of obedience. Making sure that you can always trigger her to obey your every command. You ask Malena what she wants.

“I want to obey Master” Malena replies passionately.

You wake Malena to find herself naked and laying on the ground.



You introduce yourself to Malena and hold out your hand to shake. Letting her guard down she shakes your hand. As you grab her hand, you yank downward quickly and command OBEY.

You notice Malena's body become relaxed. Her expression becomes blank and she stares straight ahead of her. Her mind is momentarily in a fully obedient trance.

You have heard that handshake inductions can wear off quickly. Better get in your commands before she wakes up. What do you do?

Command Malena to take off her clothes and begin doing yoga.

Tell Malena to get dressed and follow you to your car.

Malena opens her eyes and stands up. Her sexual urges are clear on her face. She needs to be fucked soon.

You are so happy and excited that you almost don't notice as she walks right past you. Where is she going? You watch as your beautiful horny subject walks right out of the pool area and into the nearby park.

There you see her approach a large, strong looking man in his twenties. She seems to have no trouble convincing him to go with her, likely due to the fact that she is still naked.

As the two walk away you lift your jaw off the ground and can't help but kick yourself. Seems you had increased her sex drive, but not modified her sexual preferences. You still stood no chance with her.

Oh come on! That's not even fair…(Sigh)…Ok. Try again
